WOOD HANDLES

Carlisle offers the largest selection of Flo-Pac® and Sparta® professional quality handles. Wood, plastic, fiberglass, metal, telescoping, and flo-thru styles, each designed to provide the operator with consistent, dependable performance that makes his work easier.

- all standard threaded handles are made of lacquered hardwood for consistent dependability
- metal thread handles have a heavy duty tip to provide extra strength
- Lumathread handles have 3-1/4" metal tips
- 45267, 45268 have 2-1/2" crimped metal tips
- 40285 has durable threaded Nylon tip with corrosion-resistant plastic rivet
- 3620405 bolt-on handle is used with Juno style blocks only; metal end increases durability and handle life
- tapered handles have precision cut tapered end

ROLL 'N GRIP™ BROOM & BRUSH HOLDER SYSTEM

- keeps brooms and brushes handy and secure
- racks help prevent damage to bristles, handles, walls, and counters
- promotes fast drying of mops and wet broom bristles
- 40731 Roll 'N Grip™ Holder System is adjustable for a variety of brooms and brushes with a unique system of plastic roller grippers that self-adjust to different handle diameters; quick and easy release and mounting for any length of handle
- the Roll 'N Grip™ Holder System also comes with a convenient hook that can be used to hang slotted handle tools and brushes (additional hooks and grippers are available by special order)
- rack anchor holes are 16" on center (mounting screws included)
